Leadership Summit Highlights

Peggy and Cindy attended the Leadership Summit in New Orleans, held in late January. Also in attendance at the Summit were Ruth, Kim Yang, Monica & Hal of course.

The overall vibe of the Summit was positive and upbeat. There seems to be more unity within the organization.

They offered an excellent professional development program lead by Jay Younger from McKinley Advisors which was a full day exploring leadership strengths.

A couple of tidbits mentioned during the Summit, any services used by the division for the value over $600, we need to provide the supplier with a W9 and 1099 Forms.

The newly merged Route 66 Chapter is hosting a “Road Trip Symposium: What Makes Special Libraries Special” -September 14-16 in Greer, Arizona at the Greer Peaks Lodge. If anyone is interested I’d be happy to send a copy of the program to you.

There are 4,232 full members, 51 countries, 80 units (reflected two recent mergers); 23 Divisions, 62 Option 2 Units, the rest are Option 1. There are 9 Caucuses.

Deadline for submitting agenda items for the Division Cabinet Meeting is tomorrow May 10th, so send questions, items immediately.

We need to decide Option 1 or Option 2 for next year by August 31st.

Any services used by the division for the value over $600, we need to provide the supplier with a W9 and 1099 Forms.

We pulled out of the Pooled Fund at the end of 2016, however there are still 38 units within that pooled fund.

Program Planning

Neyda reviewed the Program Planning Spreadsheet and provided background on the advantages and disadvantages between Option 1 and Option 2 for sponsorship.

- not having to pay for food or A/V, especially for CE - SLA gets the registration fees but we still have to pay for everything
- makes it easier to co-host with other divisions (again due to no financial obligation)
- communication is better with option 2

The cons of going option 2 would be:

- not being able to do the vendor roundtable

Fund Development

Peggy reported that $6000 has been raised to date.

Strategic Planning

Due to technical problems with opening speakers for telephone connections, Peggy and Danielle were not able to provide the reporting they wanted. They will provide more details about the upcoming Strategic Planning process in future communications.

Old Business

No Old Business was brought forward.

New Business
No New Business was brought forward.
